The Police Department always needs to be prepared for any circumstance in order for its' personnel to respond properly. This year, additional Sport Utility Vehicles (SUVs) will be added to the department's fleet of marked and unmarked police sedans, motorcycles, vans, etc. These vehicles will be extremely useful for search and rescue operations during major hurricanes, allowing the police personnel to navigate without difficulty or delay. Flooding and road obstructions (like down trees, power lines, debris, etc.), after a major storm, are major obstacles for emergency vehicles, but these SUVs will make it possible to reach people in need of aid. In addition, these SUVs will be utilized by Shift Commanders as command posts during major incidents. The SUVs will carry a large number of personnel as well as equipment for special events, tactical operations and field force incidents. The SUVs will also remain in operation longer because of their rugged nature, which will mean less frequent turnover in the fleet and more years of service. As well, for the first time, canine officers will drive SUVs, allowing the officer and canine to comfortably patrol the streets in a larger vehicle.

This information will be considered in future bid awards in order to ensure that agencies are receiving the level of service required of dealers who wish to participate in this program.

Also, when purchasing options, as required in Part A, Section 7, dealers are required to offer some discount below manufacturer's standard retail pircing (MSRP) for any factory add options.

All interested parties who wish to purchase from this contract may do so by following these simple procedures:

ORDERING INSTRUCTIONS

1. Contact the awarded dealership (see pages 34-36) listed in the zone from which you wish to purchase and advise them of your interest to purchase from **Bid No. 12-20-0905**. They will assist you with the placement of your order and answer any questions you may have regarding the vehicles purchased through this program. **You can only purchase from a dealer who is listed as a winner of one of the four zones for the vehicle you wish to purchase.**

Agencies ordering a FORD, GENERAL MOTORS, CHRYSLER, or TOYOTA product, please be advised that you must use the appropriate FIN CODE/FAN CODE for the Florida Sheriffs Association in order to obtain the manufacturer's concessions. Also, you must use your FIN CODE/FAN CODE as a secondary number. For further assistance call the Fleet Customer Information Center for your appropriate manufacturer.

Manufacturer	Type Code	FSA Code	Fleet Center Contact Numbers	
FORD	FIN CODE	QE065	1-800-34-FLEET	(1-800-343-5338)
GENERAL MOTORS	FAN CODE	917872	1-800-FLEET OP	(1-800-353-3867)
CHRYSLER	FAN CODE	49313	1-800-999-FLEET	(1-800-999-3533)
TOYOTA	FIN CODE	GE159	1-800-732-2798	

2. **YOU MUST send a copy of the original purchase order (including FSA's Contract No. 12-20-0905) submitted to the participating dealer by mail or electronically to:**

   Florida Sheriffs Association
   P. O. Box 12519
   Tallahassee, Florida 32317-2519
   ATTN: Lynn Meek, Cooperative Bid Coordinator
   lmeek@flsheriffs.org

3. **Basic information required on all purchase orders** is listed on Page 37 of this Bid Award Announcement. Purchase orders lacking the required basic information listed may result in the delay of placement and/or confirmation of orders. **The agency is responsible for obtaining a "Confirmation of Order" from the respective dealership. Dealers are required to complete a "Confirmation of Order" and send it to the purchaser within fourteen (14) calendar days after receipt of purchase order. Purchasers are encouraged to contact the dealer if a "Confirmation of Order" has not been received within a reasonable time frame and request its issuance.**

   NOTE: Purchasers are reminded that the issuance of a Purchase Order does not in itself guarantee the placement of an order.

4. Agencies which elect to purchase off this contract will incur the following Administrative Fees:
   - **Pursuit, Administrative, Utility Vehicles, Trucks & Vans** – Dealers have included a one-half percent (.005) administrative fee in the base price and all add options that are listed. The one-half percent (.005) will also be included in any additional equipment (add options) which the dealers quote to the governmental agencies.

5. In order to ensure quality service for our user agencies, we are requesting each of you to notify the Florida Sheriffs Association regarding any problems encountered in working with the awarded dealers. Any issues, including but not limited to, receipt of confirmation of order, delivery problems and communication problems, should be reported to us by e-mail at lmeek@flsheriffs.org. This information will be considered in future bid awards in order to ensure that agencies are receiving the level of service required of dealers who wish to participate in this program.

6. Add/delete options might include a superscript listed by the Order Code. The purpose of the superscript is to identify which options correlate to a specific dealer. Superscripts will be a number between 1 and 4, and will correspond as follows:

   1 = Western zone dealer
   2 = Northern zone dealer
   3 = Central zone dealer
   4 = Southern zone dealer

If a dealer has been awarded more than one zone, they will only have one superscript number assigned, and it will be the lowest numerical number that applies to their awarded zones. For example, if a dealer is awarded the northern and southern zones, their add/delete options for both zones will be represented by a "2" superscript.

Options are intended to add or delete equipment and/or features from the base vehicle specification, and to allow for an upgrade or downgrade to a manufacturer's model with a slightly different engine size or horsepower, and as such, will not be made available for purchase separate from the base vehicle.

IMPORTANT NOTE: The manufacturers have announced that they will be producing limited quantities of pursuit vehicles this year and that orders would be processed on a first come first serve basis while quantities last. **To be on the safe side, we are advising all agencies to place their orders for pursuit vehicles as soon as possible to ensure delivery of product.**

2013 Ford Expedition (U1F))

The Ford Expedition (U1F)) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$25,328.00	$24,980.00	$25,328.00	$25,328.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

The Ford F-250 SD (F2A) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$17,746.00	$17,243.00	$17,589.00	$17,589.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

BASE PRICE:	$19,635.00	$19,501.00	$19,635.00	$19,635.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.
