

AGENDA

NORTH MIAMI CITY COUNCIL

REGULAR MEETING

TUESDAY, MARCH 12, 2013
7:00 P.M.

* * * *

TAB W

- DISCUSSION AND APPROVAL FOR SIDEWALKS ON CANAL DRIVE
Sponsored by: Councilman Michael R. Blynn

To: The Honorable Mayor and City Council

From: Aleem A. Ghany, P.E., Public Works Director

Date: March 12, 2013

RE: Construction of approximately 1400 LF OF 5 ft wide sidewalks

RECOMMENDATION

Staff recommends that Council approve expenditure of approximately \$50,000 for the installation of approximately 1,400 linear feet of five foot wide sidewalks.

BACKGROUND

As shown in the attached photographs, there are sidewalks installed on the north side of Canal Drive in the Sans Souci development. The proposed sidewalks will connect the guard gate to the south and extend to the north connecting to existing sidewalks . Installation of the sidewalks will be in compliance with the American with Disabilities Act of 1990 (ADA).

As shown in the photos there are several challenges with this site:

- Large trees
- protruding roots
- Utilities poles
- Meter boxes
- Removal of shrubs
- Relocation of signage
