If Contractor does not promptly comply with the terms of such instructions, the City may have the defective Work corrected and all direct, indirect and consequential costs of such removal and replacement, including but not limited to fees and charges of engineers, attorneys and other professionals, shall be paid by Contractor.

If the Project Manager determines that the conditions at the Worksite are not materially different from those indicated in the Contract Documents and that no change in the PROJECT AMOUNT or to the Term of Agreement is justified, the City shall so notify the Contractor in writing, stating the reasons.
