All corrections shall be made within seven (7) calendar days after such rejected defects, deficiencies, and/or non-conformances are verbally reported to the Respondent by the City's project administrator, who may confirm all such verbal reports in writing. The Respondent shall bear all costs of correcting such rejected Work. If the Respondent fails to correct the Work within the period specified, the City may, at its discretion, notify the Respondent, in writing, that the Respondent is subject to contractual default provisions if the corrections are not completed to the satisfaction of the City within seven (7) calendar days of receipt of the notice. If the Respondent fails to correct the Work within the period specified in the notice, the City shall place the Respondent in default.

2.36 **LABOR, MATERIALS AND EQUIPMENT SHALL BE SUPPLIED BY THE RESPONDENT**

The Contractor shall supply competent and physically capable employees and the City may require the Contractor to remove any employee it deems careless, incompetent, insubordinate or otherwise objectionable and whose presence on City property is not in the best interest of the City. City shall not have any duty to implement or enforce such requirements.

2.39 **WAIVER OF IRREGULARITIES**

The City may waive minor informalities or irregularities in Bids received where such is merely a matter of form and not substance, and the correction or waiver of which is not prejudicial to other Respondents. Minor irregularities are defined as those that will not have an adverse effect on the City's interest and will not affect the price of the Bids by giving a Respondent an advantage or benefit not enjoyed by other Respondents.

2.39.1 In no event will any such elections by the City be deemed to be a waiving of the Project criteria.

2.39.2 The Respondent who is selected for the Project will be required to fully comply with the Project criteria for the Price Bid, regardless that the Solicitation may have been based on a variation from the Project criteria.

2.39.3 Respondents shall identify separately all innovative aspects as such in the technical Solicitation. Innovation should be limited to Respondent’s means and methods, approach to Project, use of new products, and new uses for established products.

CONE OF SILENCE
Cone of Silence Notification

MAINTENANCE OF STORM WATER AND SANITARY SEWER STRUCTURES
IFB No. 05-18-19

DIVISION 8. CONE OF SILENCE

Sec. 7-192. Cone of Silence.

(a) Purpose and intent. The requirements of section 2-11.1, Cone of Silence Ordinances of the Code of Miami-Dade County, Florida, as amended, shall be applicable to the City. It is the intent of this code to prevent potential bidders, offerors or service providers from communicating with City department heads, their staff or selection and evaluation committee members during the period of time in which the cone of silence is imposed.

(b) Cone of silence is defined to mean a PROHIBITION on:

(1) Any communication regarding a particular RFP, RFQ or IFB between a potential offeror, service provider, bidder, lobbyist, or consultant and the City's professional staff including, but not limited to, the City manager and his or her staff;

(2) Any communication regarding a particular RFP, RFQ or IFB between the mayor, City council or their respective staffs and any member of the City's professional staff including, but not limited to, the City manager and his or her staff;

(3) Any communication regarding a particular RFP, RFQ or IFB between a potential offeror, service provider, bidder, lobbyist, or consultant and any member of the selection committee or evaluation committee;

(4) Any communication regarding a particular RFP, RFQ or IFB between the mayor, City council or their respective staffs and any member of the selection committee or evaluation committee; and

(5) Any communication regarding a particular RFP, RFQ or IFB between a potential offeror, service provider, bidder, lobbyist, or consultant and the mayor, City Council and their respective staffs.

(c) The City manager and the chairperson of the selection committee may communicate about a particular selection committee recommendation, but only after the committee has submitted an award recommendation to the City manager and provided that should any change occur in the committee recommendation, the content of the communication and of the corresponding change shall be described in writing and filed by the City manager.

(d) Notwithstanding the foregoing, the cone of silence shall not apply to:

(1) Competitive processes for the award of CDBG, HOME, and SHIP funds and community-based organization (CBO) competitive grant processes, administered by the City;

(2) Communications with the City attorney and his or her staff;
(3) Duly noticed site visits to determine the competency of bidders regarding a particular bid during the time period between the opening of bids and the time the City manager makes a written recommendation;

(4) Emergency procurements of goods or services pursuant to section 7-144;

(5) Communications regarding a particular RFP, RFQ or IFB between any person and the director of the purchasing department or designee, provided the communication is limited strictly to matters of process or procedure already contained in the corresponding solicitation document; and

(6) Communications regarding a particular proposal, quotation or bid between the director of the purchasing department or designee and a member of the selection committee or evaluation committee provided the communication is limited strictly to matters of process or procedure already contained in the corresponding solicitation document.

Sec. 7-193. Procedure.

(a) A cone of silence shall be imposed upon each RFP, RFQ and IFB after the advertisement of said RFP, RFQ or IFB. At the time of imposition of the cone of silence, the director of the purchasing department or designee shall provide for public notice of the cone of silence. The director of the purchasing department shall issue a written notice thereof to the affected departments, file a copy of such notice with the City clerk, with a copy thereof to each City council member, and shall include in any public solicitation for supplies or services a statement disclosing the requirements of this ordinance. Notwithstanding any other provision of this section, the imposition of a cone of silence on a particular RFP, RFQ or IFB shall not preclude procurement staff from obtaining industry comment or performing market research provided all communications related thereto with a potential offeror, service provider, bidder, lobbyist, or consultant are in writing or are made at a duly noticed public meeting.

(b) The cone of silence shall terminate at the time the City manager makes his or her written recommendation of award; provided, however, that if the City manager refers the recommendation back to the director of the purchasing department for further review, the cone of silence shall be re-imposed until such time as the City manager makes a subsequent written recommendation of award. If the City manager rejects all bids or proposals submitted in response to an RFP or IFB and concurrently requests the re-issuance of an RFP or IFB, the rejected bids or proposals shall remain under the cone of silence until such time the City manager issues a written recommendation of award or until the City manager withdraws the re-issued RFP or IFB.

(c) Exceptions. The provisions of this code shall not apply to oral communications at pre-bid conferences, oral presentations before selection committees or evaluation committees, contract negotiations during any duly noticed public meeting, public presentations made to the City council during any duly noticed public meeting or communications in writing at any time with any City employee, official or member of the City council unless specifically prohibited by the applicable RFP, RFQ or IFB documents. The offeror or bidder shall file a copy of any written communication with the City clerk. The cone of silence shall not apply to small purchases or emergency purchases, pursuant to this code.
