## **BUILDING & MINIMUM HOUSING DEPARTMENT**

### **RE-OCCUPANCY INSPECTION**

The purpose of Re-Occupancy Inspection is to ensure that structures originally built and designed as **single-family** residences are still utilized for that purpose.

When selling a home, a Certificate of Re-Occupancy must be obtained from the City's Building and Zoning Department. Each Re-Occupancy Inspection application is unique to the Seller and Buyer of a single sale transaction. If the sale does not go through and there is a change of Buyer, a new Re-Occupancy application, a new Disclosure Statement, and a new application fee must be filed.

**The Re-Occupancy Inspection fee must be paid in advance, in the form of a bank check or money order. Personal or business checks are not accepted. \*\*No exceptions\*\***

City Code allows up to ten (10) business days for our Re-Occupancy Inspector to schedule and complete the Re-Occupancy Inspection; however, upon payment of the Expedited Fee, the inspection will be performed within two (2) business days.

# FLOODPLAIN DISCLOSURE

The City of North Miami participates in the National Flood Insurance Program Community Rating System. This program makes federally backed flood insurance available to eligible properties. It also evaluates the City's flood readiness to guard against property losses due to flooding.

In January 2001, the North Miami City Council passed Ordinance 1077 (Section 8.5-45 of the Code of Ordinances), requiring seller disclosure of potential flood hazards to prospective buyers. Flood hazard information should be discussed prior to finalizing a sales contract. Minimally, this should include information on how to determine if a property lies in a Special Flood Hazard Area and how buyers can obtain flood insurance.

Flood hazard determinations are available from the Building Department, and can be requested at the time of Re-Occupancy application, or by calling (305) 893-6511 ext. 12170. Flood Hazard Brochures are also available from the Building Department upon request.
