RECOMMENDATION

Staff is requesting that, pursuant to Article 3, Division 10, Section 3-1006 of the City's Land Development Regulations (LDRs), Planning Commission review the proposed amendment, as described in the above ordinance title, and as attached hereto, consider City staff's recommendation, and any testimony at the public hearing, and make a recommendation to the Mayor and City Council to adopt the proposed amendment by passage of the attached ordinance.

BACKGROUND

Context: The mobile food vehicle (e.g., food truck) revolution is sweeping the nation. In 2010, *The Economist* magazine predicted, "...some of the best food Americans eat may come from a food truck."¹ That prediction has become true. Gourmet mobile food vehicles across the country are at the forefront of modern dining serving affordable and delicious

¹ Jon Fasman, *Trucking Delicious*, *The Economist*, November 22, 2010, <http://www.economist.com/node/17493279>.

fare. In addition, mobile food vehicle “rallies” have become popular social events around the country, with events frequently drawing thousands of hungry customers.²

These mobile kitchens are also powerful engines of economic growth. Together, they directly employ thousands of people nationwide, and the vehicles, equipment, and food they purchase generate millions in economic activity. In its 2011 research report on street vending entitled *Streets of Dreams*, the Institute for Justice explained how street vendors, including food-truck owners, are creating jobs, satisfying customers, and generally making their communities safer and more interesting places to live.³ Below are just some of the benefits that mobile food vehicles are providing as their numbers grow in cities across the country:

- Mobile food vehicles create jobs, buy products and services from local businesses, and contribute sales taxes and permit fees to cities.
- Mobile food vehicles attract foot traffic to commercial districts—which means increased sales and a more vibrant retail business environment overall.
- Mobile food vehicles serve as “eyes on the street” and make the street a safer and more enjoyable place to visit. Their presence can help prevent crime and revitalize underused public spaces.
- Mobile food vehicles give entrepreneurs with big dreams, but only a little capital, a way to start their own food-service businesses. In many instances, these vehicles serve as a stepping-stone toward opening a brick and mortar space; and give existing restaurants a new way to reach their customers.

Studies indicate that a vibrant mobile food service vehicle industry benefits everyone. It provides consumers with a wide variety of innovative, inexpensive cuisine that they might otherwise not get to enjoy. It gives would-be entrepreneurs who are long on ideas but short on financial capital a way to pursue their dream. Additionally, it can activate underused spaces, bring new life to communities, and make them safer, more enjoyable places to live.

Currently, Chapter 11 of the City’s Code of Ordinances prohibits mobile food dispensing units, including food trucks, to operate in the city, except within the Industrial district and at construction sites (for a maximum of thirty (30) minutes) and, at special events with a temporary use permit. This amendment seeks to provide regulatory guidance for MFDVs at special events and, for sites located in the commercial, Industrial, PU, RO, or PD districts, where a property owner desires to host MFDVs on a regular, long-term basis.

² Sarah Meehan, *Organizers hope to grow Baltimore, D.C. food truck competition*, Baltimore Business Journal, June 25, 2012, <http://www.bizjournals.com/baltimore/news/2012/06/25/organizers-hope-to-grow-baltimore.html>.

³ Erin Norman, Robert Frommer, Bert Gall & Lisa Knepper, *Streets of Dreams: How Cities Can Create Economic Opportunity by Knocking Down Protectionist Barriers to Street Vending* (2011), <http://www.ij.org/streets-of-dreams-2>.

For example, under a temporary use permit, there is no limit to the number of MFDVs allowable as part of a special event; however, for long-term hosting, this amendment provides for a limit of two (2) MFDVs per site.

Justification: In 2020, the Florida Legislature enacted Section 509.102, Florida Statutes that defines the term “mobile food dispensing vehicle” (“MFDV”) as, “...*any vehicle that is a public food service establishment and that is self-propelled or otherwise moveable from place to place and includes self-contained utilities, including, but not limited to, gas, water, electricity, or liquid waste disposal.*” This statute also provides a limited state preemption regarding MFDVs, whereby a municipality may not require a separate license, registration, or permit other than the license required by the state, or require the payment of any license, registration, or permit fee other than the fee required by the state, as a condition for the operation of a MFDV within the municipality.

Additionally, it also states that, “A municipality, county, or other local governmental entity may not prohibit mobile food dispensing vehicles from operating within the entirety of the entity’s jurisdiction.” Therefore, the pre-emption requires that municipalities allow all types of MFDVs, whether self-propelled, (i.e., food truck) or towable/movable. The intent of this amendment is to encourage mobile food service entrepreneurship to enable residents to enjoy all of the economic and cultural benefits of America’s growing mobile food service revolution, while also protecting public health and safety.

Analysis: This amendment has been reviewed pursuant to the standards for approval set forth in Article 3, Division 10, Section 3-1004 of the City’s LDRs as follows:

A. Whether the amendment promotes the public health, safety and welfare;

As noted above, this amendment regulates mobile food dispensing vehicles so such vendors operate in areas with sufficient pedestrian traffic, and in a manner that avoids traffic conflicts and congestion, protects public safety, and does not detract from the aesthetic beauty and attractiveness of the surrounding streetscape and properties.

B. Whether the amendment permits uses the comprehensive land use plan prohibits in the area affected by the zoning map change or text amendment;

This amendment to the LDRs to permit food trucks does not conflict with allowable uses in the commercial and industrial districts; food and beverage uses are permitted in these districts.

C. Whether the amendment allows densities or intensities in excess of the densities and intensities which are permitted by the future land use categories of the affected property;

This amendment to the LDRs does not affect the allowable densities or intensities.

- D. Whether the amendment causes a decline in the level of service for public infrastructure which is the subject of a concurrency requirement to a level of service which is less than the minimum requirements of the comprehensive land use plan;**

Since MFDVs are self-contained and not connected to water or sewer lines, this amendment has no impact upon the level of service for public infrastructure.

- E. Whether the amendment directly conflicts with a goal, objective or policy of the comprehensive land use plan; and**

This amendment does not conflict with the comprehensive plan. Rather, it implements the primary intention of the Comprehensive Plan, which is to contribute to economic sustainability, and protect public health, safety and welfare..

- F. Whether the amendment furthers the orderly development of the City of North Miami.**

As noted earlier, this amendment will allow the City to provide land use and operational controls for MFDVs to assure avoidance of traffic conflicts and congestion, protection of the aesthetic beauty and attractiveness of the surrounding streetscape and properties, and protections of public health and safety.

ORDINANCE NO. _____

AN ORDINANCE OF THE MAYOR AND CITY COUNCIL OF THE CITY OF NORTH MIAMI, FLORIDA, AMENDING CHAPTER 29 OF THE CITY OF NORTH MIAMI CODE OF ORDINANCES ENTITLED “LAND DEVELOPMENT REGULATIONS”, SPECIFICALLY AT SECTION 5-101, ENTITLED, “ACCESSORY USES AND STRUCTURES”, ESTABLISHING A NEW SECTION 5-1611 TO ALLOW MOBILE FOOD DISPENSING VEHICLES TO OPERATE IN PARTICULAR AREAS OF THE CITY, SUBJECT TO CERTAIN STANDARDS, SECTION 5-1903, AND ARTICLE 7, ENTITLED “DEFINITIONS”, IN ACCORDANCE WITH SECTION 509.102(2), FLORIDA STATUTES (2020), AND SECTION 3-302, AND SECTIONS 3-1004 THROUGH 3-1007 OF THE CITY OF NORTH MIAMI CODE OF ORDINANCES, CHAPTER 29, ENTITLED “LAND DEVELOPMENT REGULATIONS”; PROVIDING FOR REPEAL, CONFLICTS, SEVERABILITY, CODIFICATION, AND FOR AN EFFECTIVE DATE.

WHEREAS, the City of North Miami (“City”) is granted the authority, under Section 2(b), Article VIII, of the State Constitution, to exercise any power for municipal purposes, except when expressly prohibited by law; and

WHEREAS, the Florida Legislature recently enacted Section 509.102, Florida Statutes, which defines the term “mobile food dispensing vehicle” as any vehicle that is a public food service establishment and that is self-propelled or otherwise moveable from place to place and includes self-contained utilities, including, but not limited to, gas, water, electricity, or liquid waste disposal; and

WHEREAS, the City recognizes that effective July 1, 2020, Section 509.102, Florida Statutes provides a limited state preemption regarding “mobile food dispensing vehicle” and, that a municipality may not require a separate license, registration, or permit other than the license required by the state, or require the payment of any license, registration, or permit fee other than the fee required by the state, as a condition for the operation of a mobile food dispensing vehicle within the municipality; and

WHEREAS, the City also recognizes that Section 509.102, Florida Statutes, provides that a municipality may not prohibit mobile food dispensing vehicles from operating within the *entirety* of a municipal jurisdiction; and

WHEREAS, the City further finds that although Section 509.102, Florida Statutes does preempt municipalities in certain areas, Section 509.102, Florida Statutes is intended to be a partial preemption of municipal home rule authority because it expressly states that “this section may not be construed to affect a municipality, county, or other local governmental entity’s authority to regulate the operation of mobile food dispensing vehicles other than the regulations described in Section 509.102(2), Florida Statutes; and

WHEREAS, the City hereby finds that despite Section 509.102, Florida Statutes, municipalities continue to enjoy significant home rule authority to regulate land use and zoning and operational standards related to mobile food dispensing vehicles; and

WHEREAS, under regulated circumstances, mobile food dispensing vehicles provide a valuable and convenient service to the community by providing food and beverage options at special events and other appropriate venues; and

WHEREAS, the City wishes to support convenient food and beverage options at special events and other appropriate venues and encourage and support local business and entrepreneurship by adopting uniform regulations to allow the operation of mobile food dispensing vehicles within the City consistent with the preemption provided in Section 509.102, Florida Statutes; and

WHEREAS, the City finds that the use and operation of mobile food dispensing vehicles on real property directly affects the use of land within the City, and therefore, such uses are subject to the City’s legitimate land use and zoning powers under the Florida Municipal Home Rule Powers Act, Community Planning Act and other applicable law. *See also, Village of Euclid, Ohio v. Ambler Realty Co.*, 272 U.S. 365 (1926) (The concept of planning and zoning is a legitimate exercise of the police power of municipalities.); and

WHEREAS, unless the operation of mobile food dispensing vehicles within the City is limited to the commercial, industrial, or public use zoning districts, construction sites, or temporary special events, and subject to some level of site plan review by the City to ensure that the real property on which they operate is suitable to accommodate such use, the operation of such vehicles may negatively impact the use of real property and surrounding properties and create public nuisances; and

WHEREAS, the City desires to avoid such negative impacts and public nuisances; and

WHEREAS, the City also finds that the use and operation of mobile food dispensing vehicles should be governed by other traditional land use and zoning requirements as more specifically stated herein in order to avoid adverse negative effects which may be caused by the operation of such vehicles on real property and safeguard the community; and

WHEREAS, the City further finds that for mobile food dispensing vehicles to successfully operate their respective businesses for profit within the jurisdictional limits of the City, such vendors must also rely upon and use City streets; and

WHEREAS, the City additionally finds and recognizes that Florida courts have long held that municipalities have the historic ability to regulate commercial use of City streets and that the use of public roads for profit is a privilege, not a right, and can be regulated and controlled by the government in furtherance of the public health, safety and welfare. *See Seaboard Air Line Ry. Co. v. Wells*, 100 Fla. 1027, 1034, 130 So. 587, 591 (Fla. 1930); *Pennington v. Quigg*, 94 Fla. 1056, 1065, 114 So. 859, 862 (Fla. 1927) (The right to use city streets for conducting private business is not an inherent right and can only be acquired by permission or license from the city); *Jarrell v. Orlando Transit Co.*, 123 Fla. 776, 778, 167 So. 664, 665 (Fla. 1936) (There is then no such thing as a natural right to use the public highways for commercial purposes. A city may grant a limited right to use the streets for private business, but such is, "...a privilege that may be restricted or withdrawn at the discretion of the granting power. The power to do so is plenary and may extend to absolute prohibition"); and

WHEREAS, the City deems that it is necessary to regulate mobile food dispensing vehicles operating upon streets within the City so such vendors operate in areas with sufficient pedestrian traffic, and in a manner that avoids traffic conflicts and congestion, generally protects public safety, and does not detract from the aesthetic beauty and attractiveness of the surrounding streetscape and properties; and

WHEREAS, the Mayor and City Council of the City of North Miami, Florida, hereby finds this Ordinance to be in the best interests of the public health, safety, and welfare of the citizens of North Miami.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF NORTH MIAMI, FLORIDA, THAT:

Section 1. Recitals. The foregoing recitals are hereby fully incorporated herein by this reference as legislative findings and the intent and purpose of the City Council of the City of North Miami.

Section 2. Mobile Food Dispensing Vehicles. The Mayor and City Council of the City of North Miami, Florida, hereby amend Chapter 29 of the North Miami Code of Ordinances entitled “Land Development Regulations”, by amending Article 5, entitled “Development Standards”, and Article 7, entitled “Definitions” as follows:

ARTICLE 5. – DEVELOPMENT STANDARDS

DIVISION 1. - ACCESSORY USES AND STRUCTURES

Sec. 5-101. - Accessory uses and structures; Permits required.

A. Except as explicitly provided herein, no use designated as an accessory use in this division shall be established until after the person proposing such use has applied for and received all required development permits which may include; a building permit, zoning improvement permit (ZIP), certificate of use, and a certificate of occupancy all pursuant to the requirements of this division. No permit shall be issued for an accessory building for any use unless the principal building and established use exists on the property, or unless a permit is obtained simultaneously for both buildings and construction progress concurrently.

B. Prohibited uses. Any accessory use not specifically listed as permitted, or listed as a related use, and which the administrative official cannot categorize as similar to a permitted use or related use, shall be considered expressly prohibited.

C. Applicability of principal use and building regulations. An accessory use and building or structure shall be subject to the same regulations that apply to the principal use, building and structure in each district, except as otherwise provided.

D. Location. All accessory uses, buildings and structures, except for approved off-site parking, shall be located on the same lot as the principal or main use.

E. The following accessory use table shall be used to determine the required zoning district in which a use may be established. Unless otherwise stated, setback and spacing regulations shall adhere to the minimum requirements of this division. Additional standards shall be complied with for the establishment of the accessory use.

¹ Subject to the standards in section 5-1611.

² This use may be accommodated in other zoning districts as a special event through the temporary use permit process as provided in section 5-1903.

DIVISION 16. - STANDARDS FOR SPECIFIC USES

Section. 5-1611. – Mobile food dispensing vehicles.

A. Purpose and intent. The purpose and intent of this section is to establish land use and zoning regulations for real property upon which a mobile food-dispensing vehicle (“MFDV”), e.g., “food truck” is authorized to operate within the jurisdictional limits of the city. Unless authorized by this section, or allowed under a temporary use permit, MFDVs on other real property are prohibited and unlawful. This section is intended to neither prohibit MFDVs from operating within the

entirety of the city, nor regulate the licensing, registration, permitting and fees of MFDVs, preempted by the state under section 509.102, Florida Statutes.

B. Authorized locations. Subject to the terms and conditions set forth in this section, long-term MFDVs shall be allowed to operate within the jurisdictional limits of the city as an accessory use on property zoned M-1, C-1, C-2BE, C-2BW, C-3, PU, RO, and PD on the city's official zoning map. MFDVs, as part of a special event, may be accommodated in other districts through the temporary use permit as outlined in section 5-1903.

C. Land use conditions for MFVDs. With the exception of MFVDs operating as part of a special event approved under a temporary use permit, the following shall apply to all MFDVs operating within the city:

1. The property owner must obtain specific administrative site plan approval from the community planning and development department.
2. As required for all businesses operating in the City, the property owner shall assure that each MFDV obtain, and maintain a business tax license from the city, and a certificate of use, if determined necessary by the community planning and development department.
3. The subject property shall be developed with a legally operating permanent business. MFDVs shall operate only during such business' normal hours of operation.

D. Operational standards. The following operational standards shall apply to all MFDVs operating within the city, whether long-term or as part of a special event approved under a temporary use permit:

1. Unless otherwise approved under a temporary use permit, no portion of the MFDV shall extend onto an adjacent property or into any right-of-way.
2. The MFDV shall not interfere with vehicular and pedestrian movement or visibility, block access to loading/service areas, emergency access and fire lanes, driveways, sidewalks, or damage landscaped areas.
3. MFDVs must be located on a paved surface.
4. MFDVs that occupy any site parking space(s) shall only utilize those parking space(s) that are not required for the host business location.
5. The food vendor shall provide receptacles, adjacent to the MFDV, for litter associated with the sales activity, and shall remove all litter, debris and other waste attributable to the vendor and/or customers on a daily basis.

6. The MFDV must not discharge waste, fat, oil, grease or such other similar substances from the vehicle. All such substances related to or generated from the vehicle shall be taken with the vehicle when the vehicle leaves the subject property.
7. No food shall be sold, prepared or displayed outside of the MFDV while in operation on the subject site.
8. Adequate sanitary facilities must be provided to serve employees and patrons.
9. Vendors shall not use any flashing, blinking, or strobe lights or similar effects to draw attention to the MFDV.
10. Vendors shall not use loud music, amplification devices, bullhorns, crying out, or any other audible methods to gain attention.
11. With the exception of one (1) A-frame sign located directly next to the MFDV's customer service area, there shall be no signage used by vendors except for what is allowed on the MFDV itself.
12. With the exception of dining furniture approved through the administrative site plan, vendors are prohibited from locating, placing or putting personal property outside of the MFDV, including but not limited, to fixtures, and equipment. All allowable dining furniture shall be removed at the end of daily operations.
13. Vendors shall comply with all applicable city laws, regulations, and ordinances, including those regulating noise, signage, and loitering.
14.
