Petition to Appear before the Board of Adjustment

A letter of intent clearly explaining what it is you propose to do. If a business, include the type and nature of business, the days and hours of operation, the number of employees on the largest shift and the square footage occupied by the business. All other applicants should include any information applicable to the request. All variance requests must include a statement of hardship, or what the hardship is that necessitates the variance request.

All **Variance** requests must include a statement of hardship or what the hardship is that necessitates the variance request. Please state how the request complies with four (4) of six (6) of the following standards (Sec. 3-606):

- Special conditions and circumstances exist which are peculiar to the land, structure or building involved and which are not applicable to other lands, structures or buildings in the same zoning district.
- The unusual circumstances or conditions necessitating the variance request are present in the neighborhood are not unique to the property.
- That the requested variance maintains the basic intent and purpose of the subject regulations, particularly as it affects the stability and appearance of the City.
- The literal interpretation of the provisions of these LDRs would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of these LDRs.
- The variance requested is the minimum variance that will make possible the reasonable use of the land, structure or building.
- The granting of the variance will be in harmony with the general intent and purpose of these LDRs and such variance will not be injurious to the area involved.
- No variance may be granted if the property has any open code violations or unpaid code enforcement fines, except that the granting of a variance whose purpose is to cure or assist in curing a code violation shall be permitted.

All **Special Exception** use applications must state how the request complies with the following standards (Sec. 3-504):

- Applications for special exceptions shall demonstrate compliance.
- The use is listed SE (Special Exception) in the district where the property is located.
- There is appropriate provision for access facilities adequate for the estimated traffic from public streets and sidewalks so as to assure the public safety and to avoid traffic congestion.
- There are adequate parking areas and off street truck loading spaces (if applicable) for the anticipated number of occupants, employees, patrons and the layout of the parking is convenient and conducive to safe operation.
- There is suitable landscaping or fencing alongside lot and rear lot lines adjacent to residential uses or residential zoning districts.
- The proposed special exception is reasonable in terms of logical, efficient and economical extension of public services and facilities such as public water, sewers, police and fire protection and transportation.
- The proposed special exception will constitute an appropriate use in the area and will not substantially injure or detract from the use of the surrounding property or from the character of the neighborhood.
- No open code violations or unpaid code enforcement fines exist.
